

HOPESTILL BIGELOW.

MAY 26, 1842:

Laid upon the table.

Mr. AYCRIGG, from the Committee on Invalid Pensions, made the following

REPORT :

*The Committee on Invalid Pensions, to whom was referred the petition of Hopestill Bigelow, report :*

That the petitioner is now a pensioner, and his application is for arrearage of pension. He states that the reason that he did not apply at an earlier date was the impossibility of obtaining the necessary testimony. No proof of the fact is offered; and, as he has obtained all the relief granted in like cases by Congress, the committee report against the prayer of the petitioner.
